### **Fees and Expenses Incurred During the Fee Period**

#### **A. Customary Billing Disclosures**

MTO's hourly rates are set at a level designed to compensate MTO fairly for the work of its attorneys and paraprofessionals and to cover overhead and operating expenses. The hourly rates and corresponding rate structure utilized by MTO in these chapter 11 cases are the same as the hourly rates and corresponding rate structure MTO uses for other corporate, regulatory, litigation, and restructuring related matters, whether in court or otherwise, regardless of whether a fee application is required. MTO's rates and rate structure reflect the complex and time sensitive nature of the matters handled by MTO. For the convenience of the Bankruptcy Court and all parties in interest, attached hereto as **Exhibit B** is MTO's budget and staffing plan for this Interim Fee Period, and attached hereto as **Exhibit C** is a summary of blended hourly rates for timekeepers who billed to the Debtors during the Fee Period and a comparison to blended hourly rates on other matters.

#### **B. Fees Incurred During the Fee Period**

MTO maintains computerized records of the time expended to render the professional services

required by the Debtors and their estates. For the convenience of the Court and all parties in interest, attached hereto as **Exhibit D** is a summary of fees incurred and hours expended during the Fee Period, setting forth the following information:

- the name of each attorney and paraprofessional for whose work on these chapter 11 cases compensation is sought;
- each attorney's year of bar admission and area of practice concentration;
- the aggregate time expended and fees billed by each attorney and each paraprofessional during the Interim Fee Period;
- the hourly billing rate for each attorney and each paraprofessional at MTO's current billing rates; and
- the number of rate increases since the inception of the cases (of which there has been one, effective as of January 1, 2020 [Docket No. 4922]).

**C. Expenses Incurred During the Fee Period**

MTO maintains a record of expenses incurred in the rendition of the professional services required by the Debtors and their estates and for which reimbursement is sought. For the convenience of the Court and all parties in interest, attached hereto as **Exhibit E** is a summary, setting forth the total amount of reimbursement for the Fee Period with respect to each category of expenses for which MTO is seeking reimbursement.

**Summary of Legal Services Rendered During the Fee Period**

The following paragraphs provide summary descriptions of the most significant services rendered by MTO during the Fee Period. The descriptions are organized by Matter Category.

**Non-Bankruptcy Litigation / Wildfire (Criminal) [Matter No. 021]**

Total Fees: \$2,824,792.00  
Total Hours: 3,444.4

This Matter Category relates to investigations and analysis of potential criminal liability in connection with the 2017 and 2018 Northern California wildfires. This work includes extensive investigation and other discovery by MTO of the Debtors and communications with district attorneys offices within California and the Office of the Attorney General of the State of California. It also involves the provision of information and documents to those offices, including in response to specific requests for documents and other information. The investigation and discovery have required extensive travel by MTO and numerous interviews of the Debtors' personnel and former personnel and significant time for the review and analysis of substantial records and documents. MTO also spent

1 substantial time in the Fee Period analyzing the information gathered and preparing presentations to,  
2 and meeting with, the Debtors as well as the district attorneys offices within California and the Office  
3 of the Attorney General of the State of California. This matter category includes performing legal  
4 research and analysis and advising the Debtors on these matters and the October 2018 settlement with  
5 Butte County relating to the 2017 wildfires, and substantial time spent preparing for and advising the  
6 Debtors regarding court proceedings on the 2018 Camp Fire.

8 Total Fees: \$69,816.00  
9 Total Hours: 67.2

11 to the Debtors. This includes travel to Northern California and other locations for board meetings,  
12 court hearings, meetings with government entities, and various interviews, data or document  
13 collection, and other meetings related to the Specific Matters. The amount requested reflects the  
14 Court's ruling on the Fee Examiner motion heard on October 7, 2019 and further discussion with the  
15 Fee Examiner regarding non-working car travel time.

16 **Power Purchase Agreements (including Adversary Proceedings) [Matter No. 023]**

1 those referenced above under Specific Matters, the safety culture investigation, and the bankruptcy  
2 order instituting investigation with respect to any plan of reorganization proposed in the Bankruptcy  
3 Cases (I.19-09-016). MTO spent time reviewing filings and actions by the CPUC as well as other  
4 parties, conducting research on the issues raised by the CPUC, and preparing submissions by the  
5 Debtors in the various CPUC matters. This work has also included analysis and advice regarding the  
6 position and proposals of municipalities including the City of San Francisco. During the Fee Period  
7 substantial time was spent responding to discovery requests in the bankruptcy order instituting  
8 investigation and preparing testimony for that proceeding, presenting the Debtors case over several  
9 days of evidentiary hearing, as well as post-hearing briefing and comments the preliminary and final  
10 decision of the CPUC. These efforts resulted in the CPUC issuing a decision approving the Debtors  
11 plan of reorganization. Substantial time was also spent in the fee period preparing an application to  
12 issue securitized bonds in the amount of \$7.5 billion based on the customer harm threshold decision of  
13 the CPUC, which bonds will allow the Debtors to retire the \$6 billion of temporary utility debt,  
14 accelerate payments to fire victims, and improve the utility's credit ratings for the benefit of customers.  
15 MTO also spent time negotiating with various constituents providing advice to the Debtors regarding  
16 these various CPUC matters.

24 **Kincade [Matter No. 035]**

25 Total Fees: \$673,339.50  
26 Total Hours: 1,129.0

27 This Matter Category includes time spent by MTO attorneys and paraprofessionals regarding

documents and records, interviews of relevant personnel, presentations to the Debtors, and coordination with co-counsel and the Debtors regarding the investigation.

### **Actual and Necessary Expenses Incurred by MTO**

As set forth in **Exhibit H** attached hereto, and as summarized in **Exhibit E** attached hereto, MTO has incurred a total of \$642,088.48 in expenses on behalf of the Debtors during the Fee Period. These charges are intended to reimburse MTO's direct operating costs, which are not incorporated into the MTO hourly billing rates. MTO charges external copying at the provider's cost without markup. Only clients who actually use services of the types set forth in **Exhibit H** of this Fee Application are separately charged for such services.

### **Client Review of Billing Statements**

Pursuant to the Local Guidelines, a cover letter was sent to the Debtors with a copy of the Fee Application concurrently with the filing of this Fee Application. The letter invites the Debtors to discuss with MTO and/or the U.S. Trustee any objections, concerns, or questions the Debtors may have with regard to the requested compensation and reimbursement set forth in the Fee Application. A copy of the transmittal letter is attached hereto as **Exhibit I**.

### **Reasonable and Necessary Services Provided by MTO**

#### **A. Reasonable and Necessary Fees and Expenses Incurred in Providing Services to the Debtors**

MTO respectfully submits that the professional services provided to the Debtors during the Fee Period were reasonable, necessary, and appropriate to the administration of these chapter 11 cases and related matters. MTO makes every reasonable effort to ensure that travel meals, hotel rates, and airfares are reasonable and appropriate expenses for which to seek reimbursement.

MTO regularly reviews its bills to ensure that the Debtor is only billed for services that were actual and necessary and, where appropriate, prorates expenses.

### **MTO's Requested Compensation and Reimbursement Should be Allowed**

Section 330 of the Bankruptcy Code provides that a court may award a professional employed under section 327 of the Bankruptcy Code "reasonable compensation for actual, necessary services rendered . . . and reimbursement for actual, necessary expenses." 11 U.S.C. § 330(a)(1). Section 330

1 also sets forth the criteria for the award of such compensation and reimbursement:

2 In determining the amount of reasonable compensation to be awarded to  
3 an examiner, trustee under chapter 11, or professional person, the court  
4 shall consider the nature, the extent, and the value of such services,  
taking into account all relevant factors, including –

- 5 (a) the time spent on such services;
- 6 (b) the rates charged for such services;
- 7 (c) whether the services were necessary to the administration  
8 of, or beneficial at the time at which the service was  
rendered toward the completion of, a case under this title;
- 9 (d) whether the services were performed within a reasonable  
10 amount of time commensurate with the complexity,  
11 importance, and nature of the problem, issue, or task  
addressed;
- 12 (e) with respect to a professional person, whether the person is  
13 board certified or otherwise has demonstrated skill and  
experience in the bankruptcy field; and
- 14 (f) whether the compensation is reasonable based on the  
15 customary compensation charged by comparably skilled  
practitioners in cases other than cases under this title.

16 11 U.S.C. § 330(a)(3).

17 In determining the amount of allowable fees under Bankruptcy Code section 330(a), courts are  
18 to be guided by the same “general principles” as are to be applied in determining awards under the  
19 federal fee-shifting statutes, with “some accommodation to the peculiarities of bankruptcy matters.”  
20 *Burgess v. Klenske (In re Manoa Finance Co., Inc.)*, 853 F.2d 687, 691 (9th Cir. 1988). In assessing  
21 the propriety of an award of attorneys’ fees, twelve factors relevant to determining such fees were  
22 identified in *Johnson v. Georgia Highway Express, Inc.*, 488 F.2d 714, 717-719 (5th Cir. 1974), a Title  
23 VII class action case under the Civil Rights Act of 1964, 42 U.S.C. § 2000 et seq., and *Kerr v. Screen*  
24 *Extras Guild, Inc.*, 526 F.2d 67, 70 (9th Cir. 1975), *cert. denied*, 425 U.S. 951 (1976): (1) the time and  
25 labor required, (2) the novelty and difficulty of the questions, (3) the skill requisite to perform the  
26 service properly, (4) the preclusion of other employment by the professional due to acceptance of the  
27 case, (5) the customary fee, (6) whether the fee is fixed or contingent, (7) time limitations imposed by  
28

1 the client or the circumstances, (8) the amount involved and the results obtained, (9) the experience,  
2 reputation, and ability of the professionals, (10) the undesirability of the case, (11) the nature and  
3 length of the professional relationship with the client, and (12) awards in similar cases. *See American*  
4 *Benefit Life Ins. Co. v. Baddock (In re First Colonial Corp. of America)*, 544 F.2d 1291 (5th Cir. 1977)  
5 (*Johnson* criteria applicable in bankruptcy cases.).

6 In making a fee award, bankruptcy courts should consider the circumstances of the case, and  
7 the manner in which professional services were performed, as well as the results achieved. *Roberts,*  
8 *Sheridan & Kotel, P.C. v. Bergen Brunswig Drug Co. (In re Mednet MPC Corp.)*, 251 B.R. 103, 108  
9 (9th Cir. BAP 2000). When determining whether the services were actual and necessary, “a  
10 professional need demonstrate only that the services were reasonably likely to benefit the estate at the  
11 time rendered.” *Id.* at 108. Thus, while it is a relevant factor, § 330(a) “does not require that the  
12 services result in a material benefit to the estate in order for the professional to be compensated.” *Id.*

13 MTO respectfully submits that the services for which is seeks compensation in this Fee  
14 Application were, at the time rendered, beneficial to the Debtors and necessary to the administration of  
15 these chapter 11 cases. MTO believes that it performed the services for the Debtors economically,  
16 effectively, and efficiently, and the results obtained benefited not only the Debtors, but were necessary  
17 for the administration of the Debtors’ cases. MTO further submits that the compensation requested  
18 herein is reasonable in light of the nature, extent and value of such services to the Debtors, and all  
19 parties in interest and satisfy the *Johnson* factors.

20 During the Fee Period, MTO’s hourly billing rates for attorneys ranged from \$490.00 to  
21 \$1,600.00 effective January 1, 2020. **Exhibit C** contains information regarding the blended hourly  
22 rates for MTO professionals and paraprofessionals who rendered services to the Debtors in the Fee  
23 Period. The hourly rates and corresponding rate structure utilized by MTO in these chapter 11 cases  
24 are equivalent to the hourly rates and corresponding rate structure used by MTO for corporate,  
25 regulatory, litigation, and restructuring related matters, whether in court or otherwise, regardless of  
26 whether a fee application is required. MTO strives to be efficient in the staffing of matters. These  
27 rates and the rate structure reflect that such matters are typically national in scope and involve great  
28 complexity, are of significant and material importance to our clients, and involve severe time

1 pressures—all of which are present in these chapter 11 cases. MTO believes that its hourly rates are  
2 consistent with the rates charged elsewhere by comparable professionals, including those retained in  
3 these chapter 11 cases.

4 In sum, MTO respectfully submits that the professional services provided by MTO on behalf of  
5 the Debtors and their estates during these chapter 11 cases were necessary and appropriate given the  
6 complexity of these chapter 11 cases, the time expended by MTO, the nature and extent of MTO's  
7 services provided, the value of MTO's services, and the cost of comparable services outside of  
8 bankruptcy, all of which are relevant factors set forth in section 330 of the Bankruptcy Code.  
9 Accordingly, MTO respectfully requests approval of the compensation sought herein.

10 **Statement Regarding United States Trustee Guidelines**

11 The following information is provided in response to information requested in the guidelines  
12 promulgated by the U.S. Trustee:

13 **Question:** Did MTO agree to any variations from, or alternatives to, MTO's  
14 standard or customary billing arrangements for this engagement?

15 **Response:** No.

16 **Question:** If the fees sought in this Fee Application as compared to the fees  
17 budgeted for the time period covered by this Fee Application are higher by 10% or  
more, did you discuss the reasons for the variation with the Debtors?

18 **Response:** The fees sought are not higher by 10% or more than budgeted.

19 **Question:** Have any of the professionals whose fees are sought in the Fee  
20 Application varied their rate based on the geographic location of the Debtors  
21 chapter 11 cases?

22 **Response:** No.

23 **Question:** Does the Fee Application include time or fees related to reviewing or  
24 revising time records or preparing, reviewing, or revising invoices? (This is limited  
25 to work involved in preparing and editing billing records that would not be  
compensable outside of bankruptcy and does not include reasonable fees for  
preparing a fee application). If so, please quantify by hours and fees.

26 **Response:** MTO is seeking compensation with respect to the approximately 106.8  
27 hours and \$77,353.00 in fees spent reviewing or revising time records and  
28 preparing, reviewing, and revising invoices for privileged or confidential  
information during the Fee Period.

1           **Question:** If the Fee Application includes any rate increase since retention, (i) Did  
2           your client review and approve those rate increases in advance?; and (ii) Did your  
3           client agree when retaining the law firm to accept all future rate increases?

4           **Response:** Yes.

5                           **Reservation of Rights**

6           It is possible that some professional time expended or expenses incurred during the Interim Fee  
7           Period are not reflected in this Application. MTO reserves the right to include such amounts in future  
8           fee applications.

9                           **Notice**

10          The Debtors will provide notice of this Fee Application in accordance with the Interim  
11          Compensation Order.

12                          **No Prior Request**

13          No prior application for the relief requested herein has been made to this or any other court.
